

Unprecedented agreement on website ***Every education stakeholder agrees site should come down***

The Premier and the Minister of Education have now received a letter concerning the Ministry of Education School Information Finder. The letter is signed by all members of the Ministry of Education Partnership Table. The letter makes two requests and asks one question:

1. The group requests that promised consultations on the site begin immediately and that they include all stakeholders and allow for broad discussion.
2. The group requests the site be removed while the consultation takes place.
3. Who are the supporters of the site? The group notes that the Premier and the Minister have said there is support for the site. Given the agreement among all the recognized education stakeholders, they are surprised by this and have requested the Premier and the Minister provide information as to the identity of the supporters.

List of signatories represents every provincial education organization

In an unprecedented display of unanimity, the letter was signed by all of the province's education leaders, including the Deans of Education, the principals' councils, the teachers' federations, school board associations, Directors of Education and all of the provincial parent groups.

Association des conseils scolaires des écoles publiques de l'Ontario	Ontario Catholic Supervisory Officers' Association
