Secondary School Survey

People for Education is an independent parent-led organization working to support public education in Ontario's English, French, and Catholic schools.

Since 1997, with the help of principals and school councils across the province, we have kept track of the effects of policy and funding changes on programs and resources in Ontario's schools. We publish the results of findings from our Annual Elementary, Secondary and School Council surveys in the *People for Education Annual Report on Ontario Schools*.

You can complete the survey either in hard copy or online at www.peopleforeducation.com. Click on *School Survey*.

Please keep a copy of your survey on file so you can compare your school's results from year to year. We will send a summary of the survey results to all participating schools, and the full report is available on the People for Education website.

Please complete the survey online or return the completed survey by January 8, 2010.

Mail or fax the completed survey to:
